NOTICE TO PEOPLE WITH DISABILITIES

The CPUC encourages all Californians to participate in its meetings, hearings, workshops, and proceedings. We try to hold our public meetings only in places that are wheelchair accessible and which can accommodate specialized equipment and other services useful to people with disabilities. Please see the notice of the meeting you wish to attend for more specifics (also posted in the Daily Calendar on the CPUC website).

If you plan to attend and need specialized accommodations for a particular meeting that are not listed in the notice, request them from the Public Advisor's Office at least three business days in advance of the meeting. Contact the Public Advisor's Office by any one of the following:

- e-mail: public.advisor@cpuc.ca.gov
Voice: 415-703-2074
FAX: 415-703-1758 (Attn: Public Advisor)
- TTY: 1-866-836-7825 (toll-free)
- 1-415-703-5282

NOTICES

Delivery of Formal Pleadings for Filing

Unless otherwise directed, all courier-delivered documents submitted for filing as part of the formal record in a proceeding should be hand-carried directly to the Commission's

Docket Office, Room 2001, 505 Van Ness Avenue in San Francisco; Suite 500, 320 West 4th Street in Los Angeles; or Room 4006, 1350 Front Street in San Diego. All documents sent through the mail for formal filing should be addressed ONLY to the Commission's Docket Office, Room 2001, 505 Van Ness Avenue, San Francisco, CA 94102.

Charge for Commission Documents

To purchase Commission documents, there is a charge of 20 cents a printed page (postage prepaid) with a minimum purchase of \$2.00.

Commission Resources Available for Rental

The auditorium, hearing rooms and training room at the headquarters of the California Public Utilities Commission, located at 505 Van Ness Avenue, San Francisco, are available for rent. Further information about requirements and fees can be obtained by contacting Colette Kondo at (415) 703-1401.

SUBSCRIPTION INFORMATION

Subscription Notice for Draft Agenda Items

In compliance with Public Utilities Code Section 311.5, parties who wish to subscribe to receive draft agenda items may do so by writing to the Public Utilities Commission; Attention: Poly Arca, Room 1003, 505 Van Ness Avenue, San Francisco, CA 94102, or by calling (415) 703-1798. The cost for a one-year subscription to the entire public agenda package (which excludes Executive Session materials) is \$1,000. You may also order a partial agenda package (energy agenda items only or telecommunication agenda items only) at the cost of \$500 per year. The package you receive via mail will include only those agenda items available at the time of the agenda distribution date, which is usually 10 to 12 days prior to the Commission meeting. If agenda items (including revisions) are not ready on the distribution date, they will be made available at no charge in the lobby outside the Commission Auditorium at 9:00 a.m. on the morning of the Commission meeting, but not earlier.

In addition, the Commission will make draft agenda items available for viewing and photocopying (at 20 cents per page) at the Commission's Central Files Office (Room 2002), 505 Van Ness Avenue, San Francisco, and in the Los Angeles, San Diego, and Sacramento field offices. Since the agenda package will be mailed to these locations, it will be available at these locations a day or two after the distribution date. These locations will not receive agenda items that are not ready on the distribution date.

If an agenda item is held over to a subsequent Commission meeting, that agenda item and any revisions to that agenda item that were available on the morning of the initial Commission meeting (as well as any further available revisions) will be mailed in the Escutia package for the subsequent Commission meeting; the item and its revisions will also be available for viewing and photocopying in the Commission's Central Files Office and field offices as set forth above.

Intervenors who have a financial hardship determination pending or granted shall be eligible to receive draft agenda item packets at no charge.

The cost to receive the agenda only, without copies of draft agenda items, remains at \$75 per year.

Subscription Notice for Daily Calendar and/or Agenda

Parties who wish to subscribe to the Daily Calendar and/or the Agenda may do so by writing to the Public Utilities Commission; Attention: Poly Arca, Room 1003, 505 Van Ness Avenue, San Francisco, CA 94102, or by calling (415) 703-1798. The subscription cost for the Daily Calendar is \$225 per year. The Biweekly Daily Calendar is \$50 per year. The Agenda is \$75 per year. Checks are to be made payable to the Public Utilities Commission.

ADVICE LETTER FILINGS

To inquire about a filing, call the Energy Division (703-1093), Telecommunications Division (703-1889) or Water Division (703-2028).

To protest a filing, mail the original letter/telegram to the Chief of the appropriate division (i.e., "Chief, [Energy, Telecommunications or Water] Division"), to be received no later than 20 days after the date the Advice Letter was filed.

"Effective TBD" means that the date is to be determined by further Commission action. A date listed as "anticipated effective" may be subject to change. An Advice Letter Supplement is not a new filing, and there is no protest period unless indicated.

06/29/01	A00-06-032	Southern California Gas Company, for authority to implement a rate for peaking service as ordered by D.00-04-060.
----------	------------	---

Summary: LATE FILED. On June 21, 2001, Kimberly Feeman, State Regulatory Relations Administrator, Semptra Energy, met with Trina Horner, advisor to Cmmr. Lynch, in San Francisco. Also present was Jeff Hartman, Director of Energy Markets, and Allison Smith, Senior Market Consultant, of Southern California Gas Company (SoCalGas), and Marcel Hawiger, attorney for The Utility Reform Network. Freeman stated that the proposed decision (PD) correctly recognizes that the peaking service tariff should avoid cost shifts to core customers, levelize the "playing field" between the straight-fixed variable (SFV)/demand charge based rates of Federal Energy Regulatory Commission-regulated interstate pipelines and SoCalGas' all-volumetric rate design, and send the proper price signals. Hawiger emphasized that a peaking rate is necessary

to prevent cost shifts to residential customers. Hawiger added that the multi-generator provision was still necessary. Freeman commented that the PD appears to mix and match the SoCalGas rate proposal and the Office of Ratepayer Advocates (ORA) proposal. Freeman explained that both proposals are distinct; therefore, either proposal must be adopted in its entirety. Hartman urged the Commission to adopt the SoCalGas proposal, as it is consistent with the rate design used by FERC-regulated interstate pipelines. Hartman explained that the RLS tariff has not prevented new interstate capacity from entering the market. Hartman stated further that, with the recent increase in the California border price, there is substantial interest in new pipeline capacity in California. Smith explained that the proposals of ORA and Watson Cogeneration (Watson) could result in peaking service rates at or below the default class average tariff. Smith urged the Commission to reject Watson rate proposal. Hartman asserted that claims that the peaking service tariff was negatively impacting electric generation siting in SoCalGas' service territory are false.

Summary: AUGMENTATION REQUIRED. On June 27, 2001, Lee Stewart, President of Energy Transportation Services of Southern California Gas Company (SoCalGas), met with Cmmr. Lynch in San Francisco. Also present was Trina Horner, advisor to Cmmr. Lynch, Rick Morrow, Vice President of Energy Transportation Services of SoCalGas, Leslie Katz, Regional Vice President, Sempra Energy, and Herbert Sample, reporter of Sacramento Bee. Written materials (attached to the notice) were used. Stewart stated that even if the Commission abolishes the RLS tariff, doing so still wouldn't get new generation sited in SoCalGas' service territory because other factors exist that discourage the building of new generation. Morrow added that claims that the peaking service tariff was negatively impacting electric generation siting in SoCalGas' service territory are false. Hawiger emphasized that a peaking rate is necessary to prevent cost shifts to residential customers. Hawiger added that the multi-generator provision was still necessary. Morrow stated that this is not a profit issue, but an issue of not burdening ratepayers with higher rates if large customers are permitted uneconomic, partial bypass off SoCalGas' system. Morrow explained further that a peaking service tariff sends the proper price signals.

Summary: On June 26, 2001, Aaron Thomas of NewEnergy met with Cmmr. Bilas and Laura Krannawitter, advisor to Cmmr. Duque, in two separate meetings in San Francisco. Also present was Ann Watson, advisor to Cmmr. Bilas, and the following parties: Robert Anderson of APS Energy Services, Janie Mollon and Charles Miessner of New West Energy, David Finigan of the Association of Bay Area Governments, Michael Day of Goodin MacBride, Squeri, Ritchie & Day, LLP, and Susan Mara of Enron (Parties). The Parties indicated that the Commission should not suspend direct access, both because it was not necessary in order to secure the sale of bonds and because the legislature was still considering the form of direct access. The Parties indicated that with the type of exit fees proposed by the direct access coalition, the revenue stream need by Department of Water Resources to pay for the bonds would be completely protected. The Parties noted that direct access remained an important part of the solution to the energy crisis. With respect to the discussion of the Power Exchange (PX) credit in the proposed decision (PD), the Parties strongly advocated bifurcating that issue from the direct access. In addition, the Parties indicated that the PD could conflict with the jurisdiction of the bankruptcy court reviewing the Pacific Gas and Electric Company filing.

Summary: On June 26, 2001, Aaron Thomas of New Energy met with Robert Kinosian, advisor to Cmmr. Lynch, Cmmr. Brown, and Linda Serizawa, advisor to Cmmr. Wood, in three separate meetings in San Francisco. Also present was Robert Anderson of APS Energy Services, Susan Mara of Enron, and Michael Day of Goodin, MacBride, Squeri, Ritchie & Day, counsel for Enron Energy Services. In the meetings with Robert Kinosian and Cmmr. Brown also participated David Finigan of the Association of Bay Area Governments, and Janie Mollon and Charles Meissner of New West Energy. In the meeting with Cmmr. Brown also participated David Gamson, advisor to Cmmr. Brown, Ian Carter of Commonwealth Energy Corporation (Commonwealth), and Jeremiah Hallisey of Hallisey & Johnson, counsel to Commonwealth. In the meeting with Linda Serizawa also participated Steven Weissman, advisor to Cmmr. Wood. The companies' representatives participating in the meetings are collectively referred herein as "Parties". The Parties indicated that the

Commission should not suspend direct access, both because it was not necessary in order to secure the sale of bonds and because the legislature was still considering the form of direct access. Summary: AUGMENTATION REQUIRED. On June 27, 2001, Laura Scher, Chief Executive Officer of Working Assets Long Distance (Working Assets), met with Cmmr. Lynch in San Francisco. Also present was Stephen Gunn, Vice President-Operations of Working Assets. Scher described Working Assets' previous inability to compete in the local market as a reseller because of operational problems created by Pacific Bell and because the wholesale discount was and is too small to provide profitable margins. Scher pointed out that there is a serious lack of competition in the residential local markets. Scher explained that given Pacific Bell's monopoly power in the local markets, Pacific Bell's entry into the long distance market is likely to dampen competition in that market. Scher stated that Working Assets has experienced declines in customer sign-ups through the local phone companies in both New York and Texas as the phone company reps sell their own service for customers seeking long distance from competition carriers.

07/02/01 I01-04-002 Order Instituting Investigation whether Pacific Gas and Electric Company, Southern California Edison Company, San Diego Gas & Electric Company, and their respective holding companies, PG&E Corporation, Edison International, and Sempra Energy, respondents, have violated relevant statutes and Commission decisions, and whether changes should be made to rules, orders, and conditions pertaining to respondents' holding company systems.

Summary: On June 27, 2001, Joseph Malkin, attorney of Orrick, Herrington & Sutcliffe LLP, representing PG&E Corporation, met with Cmmr. Wood in San Francisco. Also present was Robert Cagen of the Office of Ratepayer Advocates, Frederick Brown, attorney of Orrick, Herrington & Sutcliffe LLP, representing PG&E Corporation, Shirley Woo, attorney, and Brice Bowen, Director of Regulatory Analysis, for Pacific Gas and Electric Company, Matthew Freedman, The Utility Reform Network, Bruce Foster and Mike Hoover, Southern California Edison Company, Jeff Bleich, attorney of Munger, Tolles & Olson, representing Edison International Corporation, Theresa Mueller, attorney for the City and County of San Francisco, Edward Remedios, BHR & Associates, C. Susie Berlin and Grant Kolling, attorneys for the City of Palo Alto, David Sikes of Milbank, Tweed, Judy Peck and Lisa Hubbard of Sempra Energy, representing San Diego Gas & Electric Company, and Thomas Hixson of McCutcheon, Doyle, Brown & Enersen, LLP. Referring the draft decision (DD), Malkin stated that it begins with an erroneous premise – that PG&E Corporation does not accept the validity of the Commission's holding company conditions. Malkin explained that PG&E Corporation does accept that those holding company conditions are binding, but that they are contractual in nature. Malkin stated that in accepting the conditions, PG&E Corporation did not agree that it is a public utility, yet the DD errs in ignoring the distinction between the utility and the holding company. Malkin stated further that the DD's assertion that the Commission could ignore the corporations' separate identities without regard to any principle of piercing the corporate veil was legally incorrect.

Summary: On June 27, 2001, Lee Stewart, President of Energy Transportation Services (ETS) of Southern California Gas Company (SoCalGas), met with Cmmr. Bilas in San Francisco. Also present were: Julie Halligan, advisor to Cmmr. Bilas, Laura Krannawitter, advisor to Cmmr. Duque, Rick Morrow, Vice President of ETS Customer Services and Marketing of SoCalGas, and Leslie Katz, Regional Vice President, State Regulatory Affairs, and Judy Peck, Regulatory Affairs Administrator, for Sempra Energy. Written material (attached to the notice) was used. Morrow explained that the four expansions planned for completion by the end of 2001, combined with a return to normal weather and anticipated changes in electric generator demand, will result in an estimated 30% slack capacity on the SoCalGas system in the 2002-2005 timeframe.

Morrow requested policy guidance on the percentage of slack capacity that should be used for planning. Stewart addressed the environmental issues SoCalGas will face if they move into a second phase of capacity expansions beyond the 375 MMcfd that is currently under construction. Stewart further explained that there are more economic expansion options that would be pursued if further expansions are necessary. Stewart explained that SoCalGas believes that the projects presently under construction should be adequate to relieve the recent pressure placed on the SoCalGas system.

Summary: AUGMENTATION REQUIRED. On June 28, 2001, Lee Stewart, President of Energy Transportation Services (ETS) of Southern California Gas Company (SoCalGas), met with Linda Serizawa, advisor to Cmmr. Wood, and Cmmr. Brown in two separate meetings in San Francisco. Also present were: Rick Morrow, Vice President of ETS Customer Services and Marketing of SoCalGas, and Leslie Katz, Regional Vice President, State Regulatory Affairs of Sempra Energy. In the meeting with Linda Serizawa also participated Steven Weissman, advisor to Cmmr. Wood, Trina Horner, advisor to Cmmr. Lynch, and Judy Peck, Regulatory Affairs Administrator of Sempra Energy, and in the meeting with Cmmr. Brown - Belinda Gatti, advisor to Cmmr. Brown. Written material was used. Morrow explained that the four expansions planned for completion by the end of 2001, combined with a return to normal weather and anticipated changes in electric generator demand, will result in an estimated 30% slack capacity on the SoCalGas system in the 2002-2005 timeframe. 07/02/01 A00-06-032 Southern California Gas Company, for authority to implement a rate for peaking service as ordered by D.00-04-060.

Summary: Tom Lu, Executive Director of Watson Cogeneration Company (Watson), met with Bilinda Gatti, advisor to Cmmr. Brown, and Cmmr. Bilas in two separate meetings in San Francisco. Also present was Dave Moore, Business Manager, and Tom Beach, consultant and expert witness, for Watson, and Alan Lippincott from BP, the majority owner of Watson, Sacramento office. In the meeting with Cmmr. Bilas also participated Julie Halligan, advisor to Cmmr. Bilas. Written material (attached to the notice) was used. Lu explained that Watson had the potential to expand its cogeneration facilities in the Los Angeles basin, and that a key issue is obtaining a competitive natural gas supply. Lu explained that Southern California Gas Company's (SoCalGas) current

residual load service (RLS) rate for natural gas peaking service stands as a barrier to the entry of new pipeline capacity to southern California. Lu noted that new pipeline capacity into southern California would help to relieve the present bottleneck on the SoCalGas system at the Topock, which has contributed to the very high natural gas prices at Topock. Beach explained the beneficial impact that the new interstate pipelines built in the early 1990's had on natural gas prices, and argued that the state again had a pressing need for new gas infrastructure. Beach reviewed Watson's principal concerns with the proposed decision. Beach presented Watson's position that the peaking rate should not apply to new customers. Lippincott noted the Legislature's interest in this issue.

Summary: AUGMENTATION REQUIRED. On June 28, 2001, Daniel Douglass, counsel for the Alliance for Retail Energy Markets, the Western Power Trading Forum and the Association of Bay Area Governments, sent an e-mail letter to Linda Serizawa, advisor to Cmmr. Wood, and Ann Watson, advisor to Cmmr. Bilas. The letter stated that if the proposed direct access suspension decision was to be voted out on July 3, the Commission might want to consider changing the effective suspension date, so as to avoid the situation of suspending direct access on July 3, effective July 1. The letter explained that such action could inadvertently strand customers who had signed direct access contracts on July 1 or July 2.
